

# PET DOOR

## FOR EXTERIOR DOORS

Pet doors for exterior doors offer a convenient and practical solution for pet owners, granting their cat or dog the freedom to move freely between the indoors and outdoors without relying on you to open the door, ensuring they get ample exercise and fresh air throughout the day. Your pet deserves the best; give them their own perfectly-sized door.

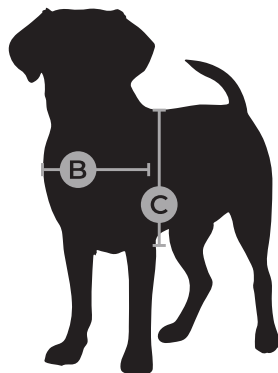

### PET DOORS BY PETSAFE®

- A durable aluminum frame designed to withstand wear and tear
- The closing panel gives you the freedom to control your pet's access to the outdoors
- Magnetic, flexible flap(s) help protect your home from drafts and outside weather
- The Extreme Weather Aluminum Pet Door™ (shown on right) is available in medium, large, and extra-large. The Freedom® Aluminum Pet Door is available in small and has one flap.

### MEASURE YOUR PET

- A Make sure your pet is standing
- B Measure the **width** of your pet's chest
- C Measure the **height** from your pet's shoulders to the bottom of chest

PET DOOR SIZE	PET'S SIZE		
	Width	Height	Weight
